Yesterday's Results.
Hopkinsville-Paducah, rain.
Princeton & Vincennes 0.
Henderson 0, Calro 7.

Today's Schedule.
Henderson at Paducah.
Hopkinsville at Calro.
Vincennes at Princeton.

There was no game at Wallace park yesterday between Paducah and Hopkinsville, a drizzling rain falling at 3:45, the time for starting the game.

The umpire is not allowed to call play if it is raining at the time set for the game to begin, and Manager Harry Lloyd thinking the rain would not cease, decided to postpone the contest, which was done.

It was Slumpkin's day to pitch for the Athletics and Brink's for Paducah and Brink will be worked this afternoon against Big Bill Asher, of the Hens. The Henderson club arrived from Calro this morning for three games. Princeton follows, and then Vincennes.

Infants Won Final Game.
Vincennes, July 7.—Another bunch of aspirants for the title of Mud Wallpapers arose in this city yesterday in the persons of the erstwhile Infants, they winning the last game of the series from the Alice

Men on very muddy grounds by the score of 1 to 0.

The game was played in a drizzling rain which at times made it hard for the spectators to watch its progress. The lonesome run was made by the visitors on an error by Duggan, who, in making it, lost a game which might otherwise have been drawn out over extra innings. It is thought that the troubles in the Alice camp have been amicably settled and that no further rumpus or disagreements will be raised. Pfeifferle was to be found in Cooper's position at short yesterday and he played wonderful ball.

Vincennes..... 1 5 2

Duggan and Lemon.

Calro Won Easily.
Calro, Ill., July 7.—Blittorff yesterday pitched a great game, allowing but two hits.

R H E
Calro..... 7 10 0
Henderson..... 0 2 1
Morgan, Klegg; Blittorff, Harvey.

"Rube" Whitley, after spending several days in the city negotiating with the local management, returned home Wednesday. It is thought that Rube will see the wisdom of accepting the latest offer of the local management and in case he does he will join the Athletics on their away-from-home series.—Vincennes Commercial.

Cooper, the short stop for Vincennes, quit the game Wednesday because the fans were roasting him.

Vincennes has signed a new short stop named Pfeifferle. His handle indicates he might have performed a Russian alphabet.—Princeton Democrat.

Princeton and Vincennes play a double header today at Princeton.

From indications Hipper, of the Calro team, will push hitters in the Kitty league for honors with the paddle. He hardly ever misses getting a hit or two in a game, and always hits when needed and has won more games for the Mud Wallpapers than any other member of the team. He plays third sack and is fast on his feet, too.

Manager Charles Dexter, of the

Louisville American Association team, became disgusted with Louisville's inability to play ball, asked for his unconditional release, and it was granted. He has not yet signed with any club. Dexter is well known in Paducah, having played with Evansville in the Central league when Paducah was a member in 1897.

KENTUCKY BOY

A 10,000 Mile Wager-Walker Killed By His Own Pistol.

New Orleans, July 7.—F. Evans, the Kentucky boy of Buena Vista, Ky., who left Cleveland last May with the intention of walking 10,000 miles for a wager of \$15,000, was accidentally killed about twenty-five miles from Vicksburg, Miss. The revolver which Evans always carried in the wheelbarrow which he was required by the terms of the wager to push the entire distance fell out and was exploded as he was passing over a rough piece of road. The bullet struck Evans in the abdomen. The young man was able to reach a farmhouse a short distance away, but before medical assistance could be secured he died.

A pathetic feature of the affair was that he was almost through with his long tramp, and if he had lived another week he would have married a girl in Los Angeles, whom he met in his travels.

Evans is known in almost every city in the country, and his wheelbarrow and white bull terrier have become a familiar sight. The body will be sent to his old home in Kentucky for burial.

CAN WE GET BONNO?

Reported the Crack Twirler Really Belongs to Paducah.

The Calro Bulletin prints the following:

"Something has already developed in the 'Count' Bonno case. From what has been learned, he was, after this purchase price was completed by Newark, N. J., sold to Norwich, Conn., by which team he was later released. In that case he reverts to Paducah this season and next and it is likely that they will lay claim to him before many days have elapsed."

The matter is being looked into by the local management, but no announcement is made relative to what will be done. It is stated that Bonno wants to remain at Vincennes and wants to pitch all three games against Paducah when they come here.

Law Didn't Fit the Case.

Curry Grundy and Charles Hucker, colored, who were arrested for "jumping on and off a moving train," were this morning released and given hours to leave town. This was one peculiar case in which the court had no jurisdiction. The boys boarded a train at Louisville while it was standing still, stole a ride and got off in Paducah while it was standing still, making it impossible to fine them for jumping on or off the train. They wanted to get out of town and were given hours to leave the city.

NO CHANGE

Is Contemplated in the Kitty League
Umpires, Says Pres. Brown.

President Charles Brown, of the K. I. T. league, said today that the reports that Empire F. C. Ketter had quit the league and that Empire Ned Zinkins would be "fired," are without foundation.

Ketter is now in Springfield, O., and will report for duty July 15th. Zinkins is one of the best umpires in the south, although along with all the other umpires he has his troubles.

President Brown learned today to his surprise that an umpire named

Gonkan, or something similar, has been umpiring in the Kitty league in place of Bush. President Brown asked the latter to fill Ketter's place until Ketter returned, but learned today that Bush had never reported and the other man was run in. It is supposed by the league officials at Calro.

In regard to the Calro Bulletin's claim that Bonno may belong to Paducah, President Brown is of the opinion that there is nothing to it. When a player is drafted and paid for, he becomes the property of the club that bought him, and may be disposed of or released, in the latter case being free to go where he wants to, according to President Brown.

Daily Thought.

Our whole life is an education; we are ever learning; every moment of time, everywhere under all circumstances, something is being added to the stock of our previous attainments.—Paxton Hood.

MAYOR-DUNNE 'FESSES UP.

Mayor Dunne, of Chicago, who made the race for mayor on a municipal-ownership-of-street-cars issue now admits the impracticability of his ideas, at least to the extent he first proposed to carry them out. Great things were promised by Mayor Dunne and those who supported him, but practically nothing has been accomplished by them.

The first blow they received was when Mr. James Dalrymple, of Glasgow, Scotland, came over to the United States and gave it as his opinion after making a careful investigation into conditions here, that municipal ownership could never be a success as long as we have politics.—In fact, he did not think that municipal ownership could ever be a success in a republic.

Mayor Dunne then sent for Mayor Tom Johnson, of Cleveland, Ohio, but what Mayor Johnson said no one has learned.

The following dispatch, however, published in all the big dailies yesterday, tells the story of Mayor Dunne's awakening:

Chicago, July 5.—Mayor Edward F. Dunne told the city council tonight his plans for municipal ownership of traction properties. It is not municipal ownership absolutely but, as the mayor explained, the nearest thing possible under existing conditions, and he asked the aldermen to consider it carefully. Absolute municipal ownership and operation, the mayor said, he does not consider practicable just now.

The plan which the mayor offered provides for the incorporation of a company, managed by five men who command the confidence of the people of Chicago. To this company is to be granted a twenty-year franchise covering the streets in which the rights of the old companies already have expired or will soon expire.

It will be stocked to the amount necessary to establish a street car system in these streets, roughly estimated at two hundred and forty miles. No bonds are to be sold. The stock is to be deposited with a trust company, which the five directors are to select, so as to prevent a purchase of it and consequent control by outside interests.

The stock is to be sold at popular subscription.

At any time the city may select it can take over the property on an appraised valuation.

least, for someone here to give the matter some attention. The Smithland Democrat of yesterday says: "The Louisville and Paducah papers are discussing the feasibility of an electric car line from Smithland to Paducah. We long to see the day when these two cities will be connected by an electric line, and when a better way will be afforded for travel from one place to the other, than we now enjoy. The silly notion that some of our business men have, that such an enterprise would hurt their business, is simply ridiculous. If they don't keep what people want, and sell at prices to suit the public, people will go elsewhere to trade. If they have to walk, let us have the electric line to Paducah."

"On last Sunday a lot of bright, intelligent looking young men from the country met here in town and had on tap a keg of case of beer and spent the forenoon in dehauling themselves. Young men, you do not realize where this is leading you, or you would stop right now. . . . There are two or three beer and whiskey depots in town, where kegs and cases are deposited. When a shipment is received, you can see the toppers begin to gather like buzzards round a dead horse."—Itenton Tribune. N. B.—Itenton is one of those towns that "voted out whiskey."

It is indeed a pity that Paducah cannot do anything without flushing a covey of lawsuits, but it seems to be the case. If injunctions and such things are brought to stop the proposed street improvement, contracts for which have just been let, there is no telling when the work will ever be done. This law business should be attended to before hand.

The Russian pirates are well supplied with money, having \$375,000, but they have no place to spend it, and evidently from their actions, no inclination to spend it. They seem to get what they want without money and without price.

The state machine is promising to do all sorts of things to Col. Drey Wondson if he becomes too obnoxious, and he's the democratic national committeeman from Kentucky, too.

Mrs. Natlon may not be as good an attraction as she used to be, but she seems to have lost none of her power to start a rough house.

MUST NOW GO.

Requisition Hoped for Rudy Hale, in Jail in Paducah.

Rudy Hale, colored, arrested several days ago as a fugitive from justice from Illinois, will doubtless soon have to return to Illinois. He was willing after his arrest to return to Illinois without a requisition, but his father showed up and prevented his going, demanding a requisition as the boy was not of age.

Hale was remanded to jail, and the following dispatch tells the rest:

Spragfield, Ill., July 6.—Governor Deneen issued a requisition on the governor of Kentucky today for the return to Mound City, Pulaski county, of Rudy Hale, who is under arrest in Paducah, and who is wanted at Mound City on the charge of stealing a watch and money to the amount of \$80 from Edward Byers on June 16.

DIVIDED PROPERTY

And Now Charles Montgomery and Wife Will Live Apart.

Constable A. C. Shelton was this morning called upon to make a division of the personal effects of Charles Montgomery and his wife, Edolia Montgomery, who have agreed to separate permanently—this the result of a fight several weeks ago.

The couple got into a controversy which ended in a fight, the husband administering a very severe thrashing. The woman swore out a warrant and Montgomery was fined \$20 and costs.

County Judge Lightfoot was visited and the matter laid before him. He appointed Constable Shelton to divide the personal effects, which was done.

WILL PAY OUT.

Bruce Gilliam Has No Desire to Serve Out His Fine.

Bruce Gilliam, who will either have to pay the city \$348 or remain in the city prison for that many days, states that he prefers the payout plan and will this afternoon raise funds and secure his release.

Bruce had been under a peace bond, being recognized in the sum of \$300, for his good behavior, and Wednesday broke his compact and the recognizance was forfeited. Bruce's little digressions often prove costly, but this jag—a \$348 beauty—is the most expensive one he ever had.

FIVE ARE DEAD.

Four More Seriously Wounded in Mine Explosion.

Untoontown, Pa., July 7.—As a result of an explosion at the shaft of the Taylor Coal and Coke company at Searight, Pa., six miles west of here, five men were killed and four injured, one fatally. Two of the dead were Mexicans and the others were foreigners. The men were working about 25 feet below the surface when the explosion occurred. Mine Inspector Roby is unable to state whether it was due to mine gas or the small tank of gasoline that was located at the head of the shaft, where the men were at work.

Other reports are to the effect that the accident was caused by a premature discharge of dynamite.

Last of Institute.

The county teachers met again today. Rev. Cuyv conducted the devotional exercises.

Roll call showed full attendance. Habit and Will was the theme for discussion led by W. T. Lawrence, followed by Miss Lammie Knott and others.

The "Tobacco Habit" was given a very lively discussion. Many differences of opinion were expressed in regard to the teacher's power to prohibit it.

The week's work will end at 3:15 this afternoon and the teachers go to their homes in different parts of the county.

Supt. Leib invited the county teachers to attend the city normal.

The colored institute also held a very interesting session this morning.

Fined Him Too Much.

Louis Hill, who hammered Harvey Clemens, a few nights ago, at an ice cream supper at Mr. Asa Clark's was tried before a jury in County Judge Evans' court last Saturday, and was fined one cent and the cost, and the general opinion of those who heard the trial is, that he should have been acquitted.—Smithland Democrat.

Tobacco Report.

Tobacco Inspector Miller's weekly report is as follows:
 Receipts week, 289 hogsheads; receipts year, 1,287 hogsheads; offerings week, 335 hogsheads; offerings year, 3,655 hogsheads; rejections week, 32 hogsheads; private sales week, 1 hogshead; sales week, 274 hogsheads; sales year, 3,653 hogsheads.

The ordinance was killed by a vote of three to three. Aldermen Farley, Greff and Orme voting against the ordinance.

You Get Up

In the morning tired, languid, and frequently with a headache that is almost unbearable. You have been nervous, restless and sleepless night after night, and gloomy and irritable during the day. This nervous exhaustion affects the heart, lungs and other organs that depend upon the nerves for motive power. Then the stomach fails to digest the food; the heart action is weak, and circulation poor, and the kidneys and liver inactive.

What you need is not a stomach, head, kidney or liver medicine, but Dr. Miles' Nervine to soothe and feed the nerves and build nerve tissue.

"My wife was subject to severe mental strain, which resulted in nervous prostration. The first symptoms were uncontrollable crying, and melancholy spells, which increased to such an extent that for over a year she would have a spell every day of from four to six hours duration. She required the constant attention of her physician and attendants. She suffered great pain and anguish. The best physicians attending her could give no relief, and she finally became almost of unsound mind. As a last resort I began giving her Dr. Miles' Nervine, and found and noticed that her spells next day were not so severe, and they gradually disappeared altogether. She had had no recurrence of the spells, and is gaining in health and strength."

J. P. OVERHOLSER, Sterling, Ill.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.
